

Prisha Parashar

San Francisco Bay Area, California
parashar.prisha@gmail.com

Objective

To obtain a part-time internship position as a software developer using my technical programming skills coupled with my interpersonal skills, academic experience, and hard work ethic

Education

Dublin High School (Junior Year)

- AP Computer Science Applications, English 11, Honors Chemistry, AP US History, Pre Calculus, Cybersecurity, Mandarin 3
- GPA: 4.4

Technical Skills

- Python, HTML, CSS, JavaScript, Swift
- Completed PLTW Cyber Security course

Certifications

- Microsoft Associates Python Certification

Work Experience

Getaways iOS Application - TechCrunch Disrupt

Dublin, CA - 2017 to Present

Getaways

Won an \$1,000 award at TechCrunch Disrupt competition for creating a mobile app for the travel industry, mentioned in the press release. Won, out of 1,000 entries by professional teams

Sopana

Dublin, CA - January 2020 to August 2020

Technovation

Progressed to round 3 out of thousands of teams that took part. Worked with a team of 2 other girls to build a platform to help connect lower-income families to opportunities in tech online. With the COVID-19 situation, job loss has taken a high like never before seen in history. That's why I created Sopana, an app that gives easy connections, certifications, and lessons on online jobs in tech that could be self-taught and certified. Through this app, people could teach themselves new coding skills, image tracing, and other jobs online to get an at-home job to provide for themselves

TEDX Event Organizer

Dublin, CA - January 2022 to April 2022

TEDx Dublin

Organized and led a team to run an official TedX event for Dublin High Schoolers and the Dublin community

Sathi

Dublin, CA - March 2020 to July 2020

Engineering DEDA Competition Finalist

For our school's competition, our group and I created Sathi, an app to help students like us to deal with our own stresses. It includes a homework planner, some breath control, and

connections to therapists as a support app to help organize and soften a student's day

Service Space Internship

Dublin, CA - March 2020 to July 2020

Service Space community service internship

Completed a half-year summer community service internship.

HELYX

Dublin, CA - March 2020 to Present

Tutoring

I made an app development curriculum and taught kids how to code for 6 weeks (30 kids) via zoom.

Extracurricular Activities

Extracurriculars:

- Varsity Crew Rowing with Oakland Strokes: 4 years
- HELYX Tutoring - App Development
- Tabla Drums: 3 years with a diploma
- Participate in Hackathons regularly (devpost)
- Service Space Volunteering
- Robotics: 3 years (competed worlds level 2019, 2021)
 - FTC Robotics 3 years

Clubs:

- Technovation 2 years
- Secretary of TedXDublin Club at school + Event Organizer
- Girls Who Code: 3 years
 - VP of School Club

Volunteer

Teens Awaken:

I participated in 2 community service rounds with this group for small random acts of kindness

- Planted trees for 4 hours every week
- Made cookies and gave them to the homeless in Berkeley and Oakland

Service Space Internship:

Was a Summer 2021 service space intern ("life of service"). Also lead meditation groups for people in my community over the pandemic.

HELIX Computer Science Tutoring:

Was a tutor under HELIX initiative, a student lead tutoring program during the 2020 summer.

- I taught over 30 students remotely for 6 weeks with my own self made iOS app development curriculum

Coder Dojo:

Mentored elementary kids about how to code at local library for 1 year (2018)

FIRST Robotics:

Through my robotics group, we wanted to share the world of stem technology with kids all over the Bay Area, so we held 2 Robotics workshops, teaching around 70+ kids and introduced 4 new Robotics teams to mentor

- Dublin Workshop: Intro to FIRST Robotics and Coding+Mechanics

Other Skills

- Fremont Workshop: Sketch Beginners Tutorial
- Spoken and written knowledge of 3 languages (English, Hindi, and Mandarin)
- Learnt to play Tabla (Indian classical drums) and earned a 3rd year certificate for “Pravishika Pratham” from Akhil Bharatiya Gandharv Mahavidyalaya Mandal.
- Good Communication/Marketing skills
- Certified programmer (Python, HTML, Java)
- Teammate
